

START, Dansville, Celebrates Resource Center Open House

This week, START staff provided tours to community members, highlighting their new Dansville resource center. The location will provide a site based opportunity for individuals, who are community based, to experience enhanced assessment and treatment, with 4 bedrooms available.

What is NYSTART?

- Offers crisis prevention and response supports for OPWDD eligible individuals, 6 years of age and older, with developmental disabilities and complex behavioral health needs. Supports are also available for families and/or those who provide supports.
- Provides a support network, across service systems, with the resources needed to care for a loved one, so they can remain in their own home and community.
- Provides consultation and coaching tools to increase the ability to support a loved one.
- Provides short-term, in-home, therapeutic supports for individuals who are experiencing what could be identified as a “crisis”.
- The full array of NYSTART supports includes: development of a cross-systems crisis plan, in-home supports, resource center (out of home therapeutic assessment, ages 21 and over).
